18 to 19 March 2012 National Seminar on Environment and Huaman Welfare at Govt. Maharaja College Chhatarpur Supported by ESWSociety.

Water Conservation

Research & Development Unit, Godavari Academy of Science & Technology (GAST, Chhatarpur) Chhatarpur: Team survey various pond of Chhatarpur viz. Santari, Kishor Sagar, Rani Talaiya, Pratap Sagar, Gwal Mangara, Sankat Mochan and Khonp Tal are the important water bodies of Chhatarpur city, out of these Santari Talaiya has no biological scope in 2011 due to continuous dumping of garbage by Human beings. Kishor Sagar and Rani Talaiya, are still suffering from its biological importance. Gwal Mangara, Pratap Sagar, Sankat Mochan Pond and Khonp Tal have its biological importance with its rich water.

Ammy
