The following topics were covered :-

Natural Resources and their Conservation

Status of Natural resources

Alternation in Natural resources

Preventive measure for natural resources and conservation

Water Conservation

Chemical & Mineral Conservation

Biodiversity and Wildlife Conservation

Biodiversity and conservation

Conservation of critical and fragile habitats & corridors

Land degradation and Forest Conservation

Conservation and promotion of Medicinal plants

Sustainable Tourism

Wild life conservation

Climate change and endangered species in India

Role of N.G.O. in biodiversity conservation

Critical, Endangered and Endemic Species Conservation

Environment Conservation and Validation of traditional knowledge

Environmental Pollution

Social implication caused by alteration of bio-resources

Bio-Technology

Tools and technique: for protection and conservation of bio-resources.

Pollution monitoring

Valedictory & Award ceremony: Maharaja Pushpraj Singh Ju Dev, Rewa Maharaja and Former Education Minister, Government of Madhya Pradesh was the Chief Guest and Chief Speaker of Valedictory & Award ceremony. He delivered a lecture on Bandahvgarh National Park. **Dr. Niraj Kumar** and **Dr. U. C. Shrivastava**, The National Academy of Sciences India, Allahabad; **Dr. Harish Vyas** and **Dr. Alka Vyas**, Vikram University Ujjain; **Dr. S. P. Singh** BER Chapter Chitrakoot NASI; **Dr. Veena Pandey**, Uttrakhand; **Dr. T. R. Nayak** Panna MP and other eminent scientist were present on this occasion.

Award:

National Amazing Godavari Memorial Award to Dr. U. C. Shrivastava, Sr. Scientist of the Conference.

Best Scientist Award to Mrs. Sugandha Singh, Bhopal MP

Young Scientist Award to Dr. Harshad Sharma, Ujjain MP

Best Paper Presentation Award in each technical session to Mr. Bibhu S. Behera, Udisha; Dr. Aysha Mariya, Allahabad UP; Dr. Deepak Mishra, Satna MP; Dr. Mohit Arya, Gwalior MP; Dr. Mukesh Sen, Jabalpur MP.

Fellowship of ESW Society, Khajuraho Awarded to Dr. Prahlad Dubey, Rajasthan; Dr. Deepak Mishra; Dr. Devendra N. Pandey and Dr. K. K. Dubey Madhya Pradesh and Mr. Bibhu Santosh Behera, Udisha.

Recommendations

We should not destroy wildlife habitat

Natural resources are object of worship should be conserved in respective manner

Connection of River to River will give adverse effect on our environment.

Biodiversity must be conserved.

Water conservation should be our first priority.

There is an argent need to discuss on Preventive measure of Nature and Wildlife Conservation at International level & ought to be arrange International conference by Environment and Social Welfare Society at Khajuraho.

Remote sensing will be helpful for wildlife monitoring.

National Conference on “Sustainable development of Natural resources and Wildlife conservation” Organized By **Environment & Social Welfare Society, Khajuraho Madhya Pradesh, India** held in Khajuraho From 01 to 02 February, 2014. In Association with **National Academy of Sciences India, Sponsored by MP Council of Science & Technology, Bhopal**
