WORLD CONFERENCE ON “CULTURAL AND NATURAL HERITAGE ASSETS AS A DRIVING FORCE IN THE SUSTAINABLE DEVELOPMENT OF THE KHAJURAHO HERITAGE REGION”

Organized by: Embassy of the Kingdom, Belgium, New Delhi & Tourism Department, Govt. of MP
In Partnership: ESW Society, Khajuraho,
at Khajuraho on 7-8-(9) December 2017.

During two days, on 07 and 08 December, an important group of local, national and international experts will gather in the MP Tourism Hotel Payal to exchange ideas and expertise around the sustainable development of the Khajuraho Heritage Region.

The medieval Temples of Khajuraho are a world famous UNESCO World Heritage Site and attract hundreds of thousands tourists every year. Sadly enough, the average stay of the tourists is only one day, and they mostly fail to discover the broader rich regional heritage - both cultural and natural -: the Bundelkhand Forts of Ajaygarh, Mau Sahanya or Kalinjar, the Royal Gardens of Rajnagar, Chhatrasal's Palace and Chhatris, the Raneh Falls and Pandav Falls, the Panna Tiger Reserve, the medieval bunds of Lakheri and Barwari Sagar, and so much more... This huge potential remains largely untapped. In this UNESCO “Year on Sustainable Tourism for Development”, the Indian National Trust for Art and Cultural Heritage (INTACH) has taken the initiative to organize a stakeholders conference, in association with Environment and Social Welfare Society, Khajuraho in which all players will convene to discuss and exchange ideas and expertise around the core question: What can be the role of heritage and nature in the sustainable development of a region? This conference will reunite farmers with international experts, officials of the MP Government with the

local CMO's. Next to the lectures and presentations, a large place will be reserved for conversations and discussions.

The outcome of the conference will establish a comprehensive set of recommendations that will be presented to the authorities, as the way forward for the development of the Khajuraho Heritage Region. The conference "*Cultural and Natural Heritage Assets as a Driving Force in the Sustainable Development of the Khajuraho Heritage Region*" is organized by INTACH, with the support of Madhya Pradesh Tourism Board, the Archaeological Survey of India, UNESCO, the Embassy of the Kingdom of Belgium, ESW Khajuraho and Dharatal.

The day before INTACH organizes a one day training workshop for 22 conveners of INTACH Chapters in Madhya Pradesh.
